

Heart to Love, Hands to Serve. I want to thank God for His faithfulness throughout these many years in providing us the opportunity to serve people with disabilities in the community through our various programs and services. Through it all, it has been God's empowering love that enables Eden Handicap Service Centre to love and care unreservedly for these people with special needs.

Whether the country is experiencing political or economical changes or public contributions have slowed down or decreased, these factors have never affected our quantity or quality of our free services rendered to people with disabilities in the community. On the contrary, our passion glows brighter towards young women with physical and intellectual disabilities in the community.

The older physically and intellectually disabled female children in our Children Hostel are already moving into their teenage years after finishing their school education. They needed different level of trainings and privacy away from the younger children. This led us to start a residential/day care and training centre for the physically and intellectually disabled females who are above 18 years of age. This is to develop their potential to the fullest so that they can be self-reliant, independent and gainfully employed.

Eden Handicap Service Centre has come a long way and we are indeed thankful to all our well-wishers, donors, supporters, corporations and volunteers who have been coming forward to support and help us all these years. You have made a difference in their lives by enabling them to enjoy better quality living. Thank you for your heart to love them and supporting our hands to serve them.

--- Mr. Bertie Tye ---

用心去爱，用双手去服侍。这么多年来，我感谢神的信实，祂提供我们服侍社区的残障人士的机会。透过不同的活动及服务，神装备伊甸，毫无保留的去关爱有需要的群体。

纵然，国家面临经政动荡，公众捐献减少；这些因素也不会影响我们无条件的服务素质，特别是在残障群体的需要。在同时，我们的服务对象，延伸至社区的残障、智障的妇女。

之前在青少年阶段在保育院渡过了，已经成长了；现在她们需要不同层的训练及与青少阶段的分组。这让我们看见另一个事工的需要。我们开始提供18岁以上的女性的住宿及训练，让她们可以发挥潜能，自立及在职场上受聘。

《伊甸》一路走来，我们衷心感谢为我们祈求的、捐献的、支持我们事工的企业机构，义工。你们的付出，让残障朋友创造更好的生活环境，让他们享有更有素质的生活。谢谢你们的爱心来关爱他们。

Launching of a Residential / Day Care and Training Programs for young women with physical and intellectual disabilities

We firmly believe that persons with physical and intellectual disabilities possess the capacity to learn and develop. They have potential to become contributing members to society. The hostel provides residential and training facilities, focusing on skills to prepare them for independent living. The eventual goal is for them to be gainfully employed and live independently.
